Director RESA*

2019-2020

HV Jenkins High School

Savannah, GA

CTAE Instructor - Energy and Power Technology

1 year experience

My duties and responsibilities included designing and managing instruction for high school students in the area of Energy and Power Technology. I designed course instruction delivery in student management systems and directed hands-on labs to support ENRG standards. In addition to instructional duties, I served as TSA (Technology Student Association) advisor, participated in STEM recertification, collaborated with CTAE advisory committees and arranged industry activities for students for career interest and promotion.

Contributions:

- Managed advanced lab equipment and training modules reflective on industry training
- Advised TSA including leadership, CORE and state competition
- Budgeted materials for lab support
- Partnered with Georgia Power and Southern Nuclear for advisement and program development
- Employed CEWD (Center for Energy Workforce Development) curriculum
- Joined ACTE (Association for Career and Technical Education) and GaCTE (State Affiliation)

"Selina,

Thanks so much for leading the Learning Focus rubrics group. Although I didn't make it to your group, Mr. Sharp told me what a great job you did! I always know that we can count on you to accept leadership roles to help make Central a better place."

*Trista Jones,
Assistant Principal*

*Thomas County Central
High School, 2009*

2018-2019

Myers Middle School

Savannah, GA

Library Media and Technology Specialist

1 year experience

My duties and responsibilities include collection maintenance, cataloging, equipment procurement, ordering materials which reflect the current curriculum, teaching classes, teaching staff development, troubleshooting technology problems, maintaining computer equipment, inventory monitoring, budget administration and building an environment conducive to learning and research. I am also responsible for customer service and building an environment that nurtures positive relations among faculty, staff, students and community stakeholders.

Contributions:

- Managed and maintained 500+ Chromebook mobile labs
- Administrator of iready digital learning platform for the school
- Planned layout of the new Library Learning Commons
- Headed Committee for Library, Media and Technology

2007-2018

Thomas County Central High School

Thomasville, GA

Tim Helms,

Principal –

Cairo High School, 2009

2005-2007

Cairo High School

Technology Education Instructor

Cairo, GA

2 years experience

My duties and responsibilities included designing and managing instruction for 9th-12th grade students in the areas of technology education, television production and news media broadcasting. I organized and advised a Technology Student Association chapter, created and managed a Learner Focused classroom environment adhering to the Georgia CTAE Technology Education standards and guidelines.

Contributions:

- Obtained Technology Education Certification
- Secured a \$5000 CNS grant
- Began a Technology Student Association (TSA) chapter
- Sponsored TSA at State Competition

"Mrs. Bell was paramount to the success of a new online Website Fundamentals certificate program at Thomas County Central High School."

Cathy Myers,

Dean of Instruction

Southwest Georgia Technical College, 2005

2002-2005

Southwest Georgia Technical College

Computer Information Systems Instructor

Thomasville, GA

3 years experience

My duties and responsibilities included designing and managing instruction for adults in a traditional and online classroom environment, which adhered to the DTAE (Department of Technical and Adult Education) state instructional standards. I designed course instruction in the areas of microcomputer specialist, network specialist and website fundamentals, design and basic computer concepts. In addition to instructional duties, I served as chairperson of the President's Leadership Committee in the area of curriculum and instruction, Phi Beta Lambda advisor, dual enrollment instructor and staff development instructor.

Contributions:

- Implemented instruction for local dual enrolled high school students
- Proposed and developed a new Technical Certificate Program
- Managed a summer computer camp
- Conducted staff in-service training

1991-2002

Grady County Board of Education

Kindergarten-Third Grade Teacher

Cairo, GA

11 years experience

"What I like most about Mrs. Bell is that she is a great communicator with this administration – and will not back you into a corner. She works well with her co-workers and gives it her best each day."
