About KREWE:

KREWE was founded in 2013 to prove that we could create a high-fashion eyewear brand out of the place that inspires us most: our hometown of New Orleans.

Our design-centric, small-batch approach means that we get to create iconic styles and campaigns that are favorites of celebs and fans alike — all while maintaining a collaborative working environment that feels a whole lot more like a startup than a corporate office.

This is a non-exempt/hourly position. Pre-employment criminal background check is required.
